

# Project Management & Engineering Practice (GENG5505)

Practical class, WK2

4 – 8 March, 2024

Assoc/Prof Cosimo Faiello

Preparation for group and class discussion: Please review the two case studies at the end of Ch2 (pp. 105 - 106) and Ch3 (pp. 132 - 134) of the textbook before class and reflect on/answer the associated questions, and be ready for group and class discussion in the practical class. Please, also refer to practical class schedule in the unit outline pp. 18 – 20.

Thank you and enjoy the learning.  
Cosimo
