

# Project Management & Engineering Practice (GENG5505)

Practical class, WK3

11<sup>th</sup> – 15<sup>th</sup> March 2024

Assoc/Prof Cosimo Faiello

Preparation for group and class discussion: Please review the two case studies at the end of Ch4 (pp. 167 - 168) and Ch5 (pp. 203 - 205) of the textbook before you come to class and reflect on/answer the associated questions, and be ready for group and class discussion in the practical class. Please, also refer to practical class schedule in the unit outline pp. 18 – 20.

Thank you and enjoy the learning.  
Cosimo
